12.	T&E	European Federation for Transport & Environment	www.transportenvironment.org	15 February 2018	Invited

[1] For the current status of invitation to the entities listed in this table, see the sixth column of the table. The Secretariat assesses the ongoing participation of the listed entities for each session of the Working Group. In its assessment, the Secretariat takes account of the evolving mandate of the Working Group and the need to achieve a balanced representation at the sessions of the major viewpoints or interests in the relevant fields from all areas and regions of the world. It also has to take into account the logistical challenges in seeking to accommodate all interested entities. In particular, the limited capacity of the conference room assigned to a Working Group session may require the Secretariat to exercise its discretion in selecting from among the listed entities those best meeting the criteria for invitation. In addition, the Secretariat operates under the overall control of the Commission, which may itself decide that the Secretariat should cease to invite any particular entity to the sessions of Working Group III.
