

SIDE EVENT DURING 81st Session of WG II (3 – 7 February 2025, New York)

Stocktaking of Developments in Dispute Resolution in the Digital Economy
(8:00 a.m. – 9:30 a.m.)

Organized by the Secretariat of the United Nations Commission on International Trade Law , supported by the New York International Arbitration Center, and hosted by Withersworldwide.

State delegates are invited to attend a breakfast briefing and exchange of views on UNCITRAL's project Stocktaking of Developments in Dispute Resolution in the Digital Economy (DRDE). Following the exploratory work on the recognition and enforcement of electronic arbitral awards, which has led to the current mandate of the Working Group, the Secretariat is tasked to further implement the project to monitor and look into the other topics such as the use of artificial intelligence, online hearing protocols and platform-based dispute resolution. The Secretariat is pleased to update delegates on the implementation of the project and to seek inputs.
