Potential Beneficiaries

The Study identifies that “capacity” is a vague term.

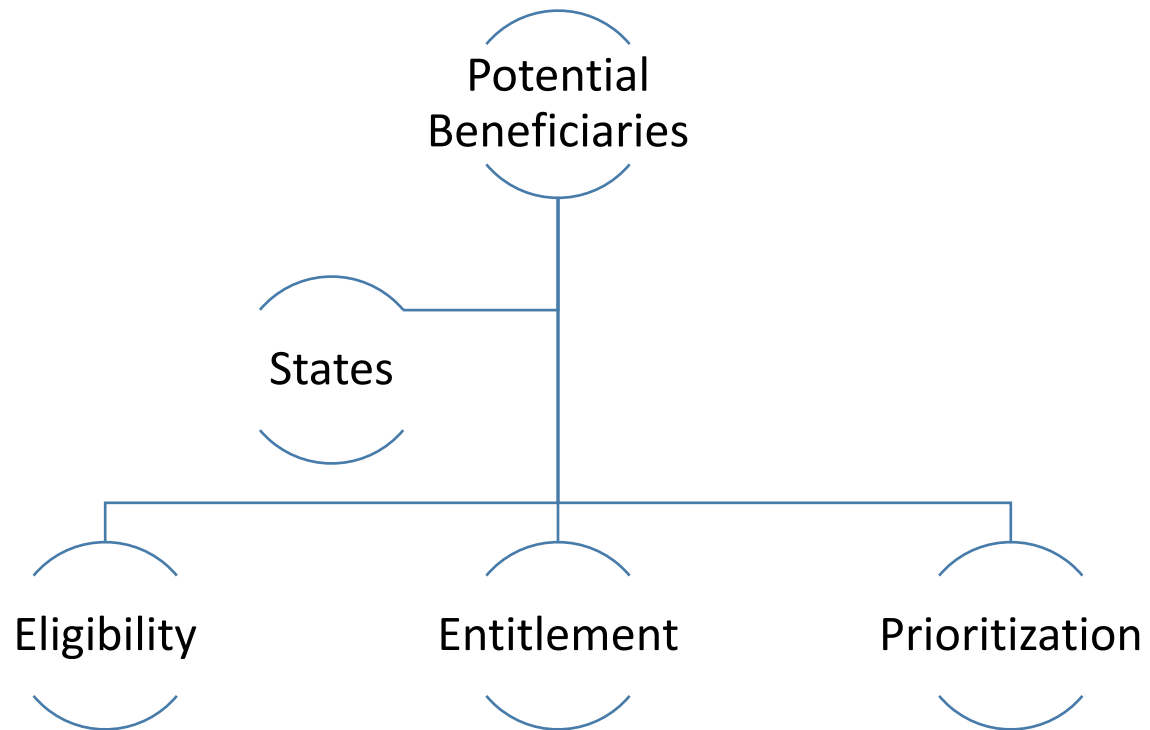

The need may be more closely related to knowledge transfer.

This, in turn, relates to capacity building and identifying very clearly what the specific need of the beneficiary are.

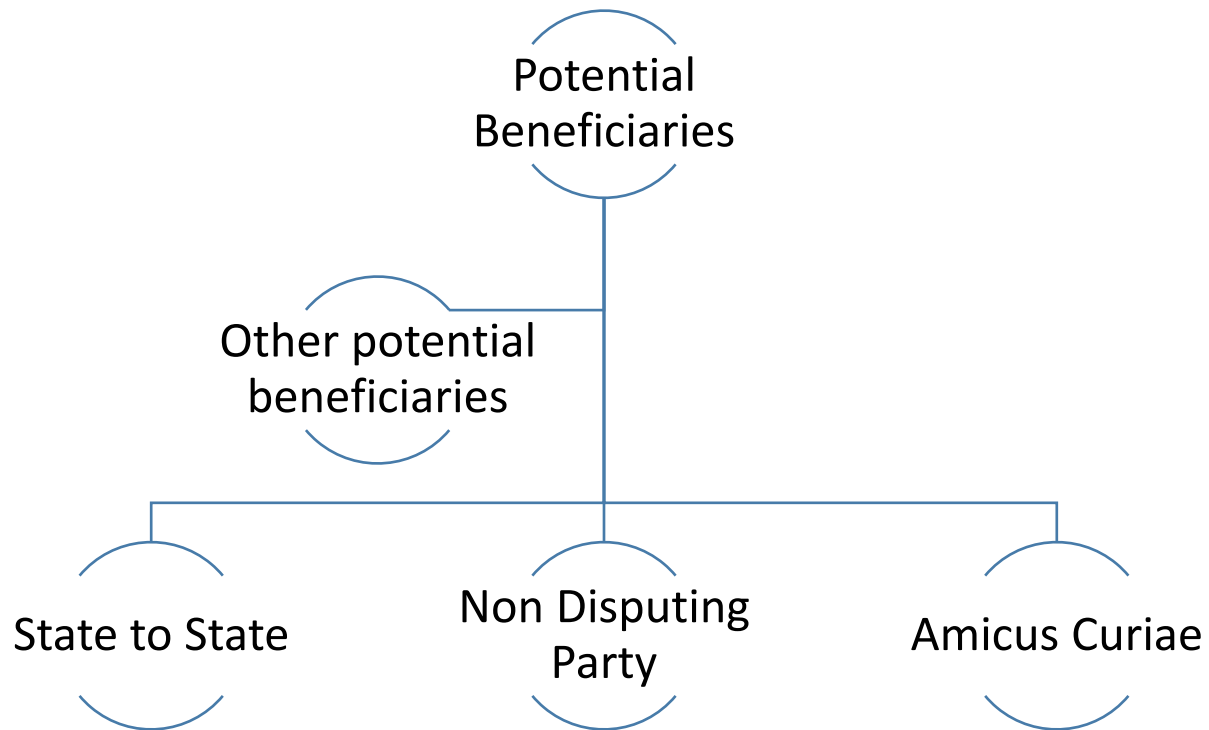

Potencial Beneficiaries

Potential Beneficiaries

Potencial Beneficiaries

Small and medium-sized enterprises (SMEs), as potential beneficiaries of any Assistance Mechanism

- **If included, they would only be able to access certain services like Capacity Building but probably not Defense of Claims**
 - Which investors?
 - ISDS as a last resort mechanism
 - Conflict of interest / Stakeholder tensions
 - Political issues & Accountability
 - Defining SMEs / Corporate structure
