Draft convention on the carriage of goods by sea: draft provisions
concerning implementation reservations and other final clauses

Report of the Secretary-General

Addendum

Lloyd's Register of Shipping, Statistical Tables, 1975:
table 1 and table 2

INTRODUCTION

1. The report of the Secretary-General entitled "Draft convention on the carriage of goods by sea: draft provisions concerning implementation reservations and other final clauses" (A/CN.9/115) sets forth, inter alia, a draft provision ("Article [] / . Entry into force") regulating the entry into force of the Convention on the Carriage of Goods by Sea. For the purposes of paragraph 1 of that draft provision, it is necessary to determine the gross tonnage of merchant shipping of a contracting State, and under paragraph 2 of that draft provision such tonnage is determined by reference to Lloyd's Register of Shipping, Statistical Tables, Table 1, "Merchant fleets of the world". A foot-note to that draft provision states that the Commission may wish to consider whether such tonnage should be determined by reference to Lloyd's Register of Shipping, Statistical Tables, Table 2, "World fleets--Analysis by principal types".
2. In order to assist the Commission in its consideration of the draft provision on entry into force, Table 1 and Table 2 of Lloyd's Register of Shipping, Statistical Tables, 1975 are reproduced in the annex hereto.*

* The Secretariat gratefully acknowledges the authorization given to it by the Society to reproduce table 1 and table 2.
