Vienna, December 6th 2019

Panel 2: Perspectives of international organizations

# UNIDROIT's present and future work with relevance to asset-tracing and recovery

Prof. Anna Veneziano  
Deputy Secretary-General, UNIDROIT

## **1. *UNIDROIT's instruments and projects relevant to asset-tracing and recovery***

1.1. Cape Town Convention on International Interests on Mobile Equipment and its Protocols (Aircraft Protocol; Luxembourg Rail Protocol; Space Protocol; Pretoria MAC (Mining, Agricultural and Construction) Protocol)

1.2. ALI/UNIDROIT Principles on Transnational Civil Procedure and ELI/UNIDROIT (Regional) Rules on European Civil Procedure

1.3. Project on Principles of Effective Enforcement (WP 2017-19 reconfirmed 2020-22)

## **2. *Specific innovative solutions in the Cape Town Convention treaty system***

2.1. "ITT&C" enforcement mechanism

2.2. URVIS (Unique Vehicle Rail Identification System)

## **3. *Main "take-aways" and points for discussion***

3.1. Enforcement: notable gap in uniform law instruments, need for global guidance in view of its practical importance

3.2. Potential role played by technological developments in finding innovative solutions, but need for a viable global legal framework

3.3. UNIDROIT has started work on Principles of Effective Enforcement – potential synergies with UNCITRAL's and other organisations' work in this area
