

## **Reform of Investor-State Dispute Settlement - UNCITRAL Multilateral instrument on ISDS reform**

***Webinar on 23 April 2020, 2 to 4 pm (Vienna, Austria time), at  
<https://uio.zoom.us/j/69018730875>***

The UNCITRAL Secretariat and the ISDS Academic Forum are organizing a webinar on the topic of a multilateral instrument on ISDS reform.

Topics for discussion include the possible architecture of a multilateral instrument that would aim at providing the framework for the implementation of various reform options: the instrument could include specific provisions and annexes, addressing various reform options; it can also foresee the preparation of protocols for addressing possible developments; a further possibility would be for the instrument to also set-up a multilateral institution for investment dispute settlement that would allow States to choose among different modes of dispute settlement administered by the institution (reformed investor-State arbitration, inter-State arbitration, use of a multilateral standing mechanism, domestic remedies).

The webinar is open for participation to all UNCITRAL Working Group III member and observer States delegations as well as inter-governmental and non-governmental organizations with observer status. Please, connect on 23 April 2020 (Thursday), at 2-4 pm (Vienna, Austria time) at the following link:
