The UNCITRAL Asia Pacific Day is an annual flagship academic series launched in 2014 by the United Nations Commission on International Trade Law Regional Centre for Asia and the Pacific ("UNCITRAL RCAP") to celebrate the United Nations General Assembly Resolution 2205 (XXI) of 17 December 1966 establishing UNCITRAL, which has since come to be the core legal body of the United Nations system in the field of international trade law.

This year, an initial **20 universities and institutions** across the Asia-Pacific region in **12 jurisdictions** have joined the annual celebration to commemorate the establishment of UNCITRAL by co-hosting a series of academic events with UNCITRAL RCAP to promote awareness of international trade standards and norms, particularly those endorsed by UNCITRAL, amongst law students — the next generation of legal thinkers and policymakers. The year 2022 marks the 10th anniversary of the establishment of UNCITRAL RCAP. To commemorate this occasion the suggested theme for AP Day 2022 is: "RCAP@10: The Next 10 Years of Legal Harmonization in the Region." RCAP invites partnering institutions to reflect on past AP Day events, if applicable, and explore how legal harmonization especially via the work of UNCITRAL could benefit both traditional and new areas of trade in the coming decade. Examples of topics could include digital trade, the continuing rise of and new forms of support for MSMEs including access to credit/secured transaction and simplified insolvency regimes, cross-border insolvency and fresh starts, international commercial mediation and arbitration, and others. The RCAP@10 theme therefore encourages a retrospective and exploratory lens on how different areas of UNCITRAL's work have and will continue to facilitate the doing of business in the region.
