

# Living in new normal - Digitalization and Legal considerations

RCAP@10, November 11, 2022

KeunHo Park, General Counsel, Siemens Korea

### **Considerations before COVID:**

How to promote digitalization in global scale under proper consideration on regulatory environment of each country

### **Considerations in New Normal:**

How to continue digitalization in harmonization (together with MSME) in terms of free flow of data, data access, connectivity.....

in virtual working environment

Data privacy / data security / data ownership

in challenging regulatory and geo-political environment

De-coupling / protective trade / export control
